PRO&PACK EXPO 2026

Leading trade fair for Pharma
Processing & Packaging Machinery

July 9-11, 2026
HITEX Exhibition Centre,
Hyderabad

Unlock Business Opportunities In The Pharma Industry

Pharma Pro&Pack Expo 2026 – Hyderabad is where the future of processing, packaging, and technology takes centre stage.

As the biggest pharma processing and packaging trade show in Hyderabad, it brings together cutting-edge packaging machinery, advanced processing equipment, cleanroom solutions, turnkey projects, water treatment systems, and the latest in track & trace innovations – all under one powerful platform designed for collaboration, discovery, and growth.

Why Hyderabad?

Strategic Advantage

Hyderabad's location gives you unmatched access to key buyers, decision-makers, and global partners.

Investment Magnet

Ranked among India's top investment destinations for pharmaceuticals, life sciences & biotechnology industries.

Pharma Powerhouse

Known as the "Pharma Hub of India," Hyderabad leads the nation in bulk drug manufacturing and ranks third in formulations.

Home to Industry Giants

Dr. Reddy's Laboratories, Aurobindo Pharma, Bharat Biotech, and more – all headquartered here.

Thriving Market

2,500+ companies powering a pharma industry worth USD 1.6 billion, with exports exceeding USD 500 million.

Pharma Expansion

Hyderabad is set to grow further with the upcoming Green Pharma City, driving major investments and new employment.

Key Highlights for 2026

Why Exhibit?

Rub Shoulders with the Who's Who

Meet and connect with decision-makers, stakeholders, and buyers who can take your business to the next level.

Own the Spotlight

Showcase your cutting-edge products and solutions in a space that guarantees visibility among the industry's top players.

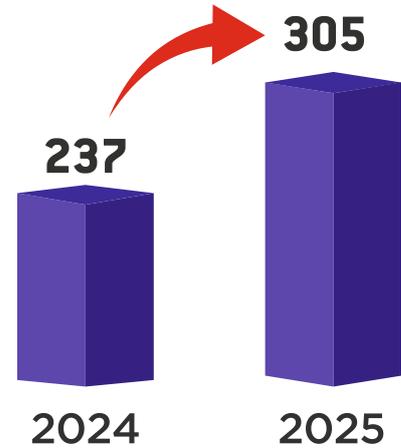

Get Ahead of the Curve

Gain insights from trailblazing sessions and panel discussions led by pharma's sharpest minds.

Forge Long-Term Alliances

Network with top pharmaceutical companies, suppliers, and industry leaders to create partnerships endure.

Exhibitors Growth

Exhibitor Testimonial

Every discussion here felt purposeful. Visitors were not just curious—they were ready to explore solutions that could be implemented immediately. That level of engagement is rare and deeply rewarding.

Supporting Programmes

Hosted Buyer Programme

Hosted Buyer Programme offers a cost-effective, time-efficient way to connect with top-tier suppliers of pharma processing and packaging machinery through highly productive, pre-scheduled meetings.

Buyer-Seller Forum

The pre-scheduled matchmaking platform facilitates direct contact between exhibitors and buyers from both domestic and international markets. It provides a tailor-made opportunity for exhibitors to connect with potential customers and enables focused one-to-one interactions that drive meaningful business conversations.

Insightful Conference: Ideas That Shift Industries

Our power-packed conferences bring industry veterans to the stage through technical presentations and panel discussions, covering emerging trends, manufacturing challenges, evolving compliance standards, and strategies for increasing operational efficiency—delivering clear insights and actionable takeaways.

Pre-Networking Roadshows: Conversations That Start Before the Show Does

Our roadshows travel across India's key pharma cities to spark early conversations, build regional connections, and set the tone for a high-impact Expo. With experts discussing new trends, regulations, and on-ground manufacturing challenges, they create a strong early ecosystem for learning and networking.

Start-up Pavilion

The Start-up Pavilion will offer an accessible, high-impact platform for emerging companies in pharma processing, packaging machinery, and software solutions. Showcase new technologies, engage with early adopters, and connect with innovators, investors and industry leaders shaping the future of pharma manufacturing.

Position your start-up at an industry hotspot where innovation meets real-world implementation.

Software Pavilion

AI is no longer optional—it's central to modern pharma manufacturing. The Software Pavilion gives exhibitors a dedicated platform to showcase cutting-edge solutions across AI, data science, LIMS/LES, robotics, IoT, and MES automation.

Demonstrate how your digital technologies enhance compliance, operational efficiency, data integrity, traceability, and audit readiness for today's pharma ecosystem.

National Advisory Committee

Guided by Industry, Backed by Experts.

The event's direction is shaped by a National Advisory Committee (NAC) comprising senior leaders, policymakers, and industry experts – ensuring relevance, credibility, and strategic impact.
